

**REGIONAL**

**WATER RESOURCE AGENCY**

1722 Pleasant Valley Road  
Owensboro, Kentucky 42303  
(270) 687-8440

**SURVEY FORM**

If you are interested in receiving sewer service from the Regional Water Resource Agency (RWRA), please sign below, and list your address and phone number. It is understood that the costs associated with this extension of service to the property will be the responsibility of the property owner. In the recent years, the cost for construction of sewers to neighborhoods has ranged from \$6,500 up to \$10,000, plus additional fees. Please be advised that the exact amount of the costs for extending sewer service cannot be determined until such time as a study has been performed on the area in question. However, RWRA does allow customers to pay those costs in their monthly billing over a 20-year period.

To determine if there is sufficient interest in having sewer service extended to your area, \_\_\_\_\_ of \_\_\_\_\_  
phone #: \_\_\_\_\_, has initiated this survey.

**NOTE: Submittal of this Survey Form indicates to RWRA the desire of the community/neighborhood to be placed on RWRA's Five-Year Capital Improvement Plan.**
